

TEERMAN'S

Gift & Incentive Program

Over 65 years, Teerman's has built its reputation on providing discerning homeowners with the finest products for their homes and the highest quality customer service. The same attention to quality has also made Teerman's a top choice for companies who choose to offer their employees or clients gifts of appreciation.

We create custom programs to help you build loyalty with your customers and employees and say "thank you" in a special way – Current customers, New clients, Employee retirement and Years of service.

Complete logo placement and customization available.

- Clocks • Casual Furniture
- Home Decorating Items
- Dinnerware & Crystal
- Jewelry & Watches
- Electronics

Lower prices

Most of our catalog competitors build a lot of service and convenience charges into their pricing—which is almost always higher than ours. At Teerman's, we don't think you should pay more than you would if you bought it off the shelf at our retail store.

Local service

At Teerman's, you won't deal with a boiler room call center to place your order. There are no big clumsy catalogs to order from. We'll work with you directly to select products from our big inventory—products that your clients and employees will want! Then we'll maintain that inventory for you and can even set up a turn-key fulfillment system to make your job easier.

Higher perceived value

We love it when we hear people say with pride, "It's from Teerman's," It's taken a lot of time and hard work to get to that point. When you give a gift from Teerman's you know you're giving something special.

Free gift wrapping

Our gift wrapping department can wrap every single item you order to make sure your special gifts are truly special. We can even deliver them to any location you desire.

Versatile: Print based or online

Our gift and incentive programs are highly versatile. We can produce a traditional print-based program for your company or implement a turn-key online program which is virtually hands off!

Higher quality merchandise

We've built our reputation on quality. We don't buy up close-outs or make "special purchases" of slow-moving products to offer our gift and incentive customers. We have a reputation to maintain.
